Mr. Ries:
 I have received your email. The council will discuss strategies for tackling this issue at our next workshop (which has yet to be scheduled). Once we know how we plan to address these issues, I'll let you know. If we agree to form a citizen committee to formulate a recommendation, I'll pass your email on to the Mayor with a recommendation that someone from your department be added to this group.

Subject: Sidewalks

Scott,

I am aware of your concern and the city's concern with the sidewalk situation here in town. As I am sure you are aware, the "built environment" has a large impact on the health and safety of citizens. This department is interested in the sidewalk issue and would like to be kept in the loop or possibly have some input regarding this situation.

Thank you for your time.

Daniel Ries
